Dear Artur,

I would like to extend to you and your country my cordial congratulations for the participation of your athletes at the XXXII Olympic Games | Tokyo 2020. It is of profound importance that your country was a part of this great celebration of sport. Representing Europe in the Olympic Games made us proud. Your federation's dedication towards our sport and all the hard work that you have put into the preparations in the past years gives us the motivation to work harder, together with you, for the further development of taekwondo.

Respectfully,

Sakis Pragalos
President
